Each group must create an infographic that contains:

- 1. Define the topic in the context of global warming.**
- 2. Describe consequences of ignoring the issue (cause and effect)**
- 3. Taking Actions: What we have been doing and what more can we do on the assigned topic?**
- 4. Cite three examples from three countries on what they have done to address global warming in the area of your topic.**
- 5. Write 10 survey questions related to your assigned topic through SurveyMonkey.**
